

Cypress Club

BAP – Newleaf Development – Fort Myers, Florida

BAP-Newleaf Development appointed Theresa Artuso as Landscape Architect for The Cypress Club, a 292-residence condominium located in Fort Myers. Since the two towers sit directly on the Caloosahatchee River, Ms. Artuso will plan a verdant architectural landscape, using species appropriate for Southwest Florida and adding lush, tropical elements conducive to waterfront living. Tower I sold all of its 151 units in five months. The second tower recently opened its doors to buyers, with prices ranging from the low \$300s to \$2 million.

In addition to lush landscaping, The Cypress Club residents will enjoy an array of amenities, including a pier, a heated infinity-edge pool, Jacuzzi, state-of-the-art fitness center and spa; and PRISM, the in-residence concierge panel. BAP-Newleaf is also developing a waterfront park and promenade adjacent to the property, and residents will have access to Verandah, a private golf club community on the Orange River.
